Driving you to an informed decision

Buying a new vehicle invariably entails spending a sizeable amount of money, and therefore it is absolutely essential to be aware of any existing or potential problems. Prospective buyers who make use of the experience and skills of Independent Vehicle Inspections considerably improve their chances of buying a car that is mechanically sound and problem-free. Independent Vehicle Inspections can provide a thorough inspection and detailed report to anyone considering buying - or selling - a used vehicle.

Our 7-days per week mobile service covers the entire Sydney metropolitan area, and we can usually examine any vehicle within one working day of the inspection booking. A report from Independent Vehicle Inspections, featuring our 85-point safety and performance check, offers peace of mind and confidence. Our comprehensive condition report of the vehicle, and a summary of any faults found during the inspection, will contribute to an informed decision.

Independent Vehicle Inspections provides:

- ✓ Inspections carried out within 48 hours of booking (often within 24 hours)
- ✓ 7 days per week service
- ✓ A genuine, customer-focused pre-purchase vehicle inspection check
- ✓ Over 23 years experience in the automotive industry
- ✓ Well-informed, independent appraisals of vehicles
- ✓ An exclusive 85-point condition, safety and performance check
- ✓ A comprehensive written report on every vehicle
- ✓ A complete on-road test
- ✓ Mobile consultations anywhere across the Sydney metropolitan area
- ✓ All inspections carried out by a qualified mechanic and fuel injection expert

The ultimate decision whether to purchase rests with the buyer, of course, but calling upon our mechanical know-how will take any guesswork out of the process by ensuring that they are totally aware of the condition of any vehicle that they may be considering.
